PROFESSIONAL SUMMARY

Japanese–English bilingual professional with JLPT N1 certification, native Mandarin and Cantonese, and fluent spoken English. Experienced in Japanese localization, English-to-Japanese translation, graphic design, and short-form video production within a multilingual content workflow; proficient in Canva and Adobe Photoshop. Known for accuracy, attention to detail, and consistently meeting deadlines across concurrent projects. Previous background in public administration and front-line customer service.

WORK EXPERIENCE

Japanese Localization & Visual Content Specialist

Feb 2025 – Present

Yishang Information Technology Co., Ltd. · Shenzhen, China

JAPANESE TRANSLATION & COPYWRITING

- Authored original Japanese-language copy and adapted English source materials into natural, reader-friendly Japanese for gaming platforms, AI tool sites, and app download pages — including product descriptions, instructional guides, and promotional text.
- Served as the sole Japanese language reviewer before every publish, checking grammar, spelling, punctuation, and natural expression; independently upheld quality standards across **20+ pages**.
- Revised and updated existing Japanese content whenever product information changed, maintaining accuracy and consistency across all live versions.

VIDEO PRODUCTION & GRAPHIC DESIGN

- Led end-to-end short-form video production for Japanese-market audiences — scripting, editing, cover design, and multi-platform publishing — as the primary visual content output of the role.
- Designed video covers, blog article thumbnails, and promotional graphics using **Canva** and **Adobe Photoshop**, maintaining a consistent visual identity across content series.
- Designed page layouts and color systems for a character encyclopedia project; the template was recognized for quality and **adopted directly by the English-language team** as a production standard.
- Built reusable visual templates for recurring content types to speed up production of new and seasonal materials.

PRODUCTION COORDINATION

- Managed translation, design, and video production concurrently across multiple live projects, consistently meeting deadlines; prepared documentation and handover notes to support cross-team review and approval at each stage.

Administrative Staff

Jun 2021 – Apr 2022

Community Services Office · Maoming, Guangdong, China

- Processed and organized administrative documents, correspondence, and records in a public-facing government office.
- Assisted with internal coordination between departments, routing inquiries and ensuring information reached the right stakeholders on time.
- Provided direct assistance to members of the public, handling a high volume of daily interactions with patience and professionalism.

EDUCATION

South China Agricultural University

Sep 2017 – Jun 2021

Bachelor of Arts in Japanese Language · School of Foreign Languages · Guangzhou, China
